

# We've never met a stranger.

**sens.it** RS+ TPMS sensors can talk to any car.

**sens.it** RS+ TPMS sensors speak your language too.

## Simplicity

Sens.it RS+ TPMS sensors just work. Simple as that. They're a snap to install and easy to program with our premium tools or your own.

99.7

## Coverage

Nobody talks to more vehicles than our innovative Sens.it RS+ TPMS sensors. Our industry-leading sensors cover 99.7% of vehicles.

## Functionality

Don't let our simple sensor design fool you. Whether programmed or cloned, Sens.it RS+ TPMS sensors replicate full OEM functionality.

## Support

Our US-based tech support is here anytime you need to talk. And all of our products are backed by 100 years of innovative German engineering.

## sens.it RS+ Dual Frequency TPMS sensors

Alligator Sens.it RS+ TPMS Sensors lead the industry with 99.7% coverage and 100% OE mimic functionality. The RS+ Dual Frequency TPMS Sensor is compatible with all leading programming tools and backed by US-based technical support.

**Sens.it RS+ Dual Frequency TPMS Sensor with Clamp-in Silver Aluminum Valve | 591132**  
**Programming Options:** Programmable & Cloneable  
**Frequency Range:** 315MHz & 433 MHz  
**Valve Material / Design:** OE Silver Aluminum Ball-Seat Valve Stem  
**Valve Angle:** 12-40 degree adjustable  
**Sensors Per Box:** 12 (individually bagged)  
**Sensors Per Case:** 192 (16 boxes of 12 each)  
**Replacement Silver Valve SKU:** 591138  
**Replacement Black Valve SKU:** 591133

**Sens.it RS+ Dual Frequency TPMS Sensor with Snap-in Rubber Valve | 591134**  
**Programming Options:** Programmable & Cloneable  
**Frequency Range:** 315MHz & 433 MHz  
**Valve Material / Design:** EPDM Rubber Fixed Angle Valve Stem  
**Sensors Per Box:** 12 (individually bagged)  
**Sensors Per Case:** 192 (16 boxes of 12 each)  
**Replacement Rubber Valve SKU:** 591320 or 0401-0022-481  
**Replacement Metal Valve SKU:** 591139 (Silver, Fixed Angle, 200 psi)

Pictured Above: Gator Cage (SKU 19108) custom cabinet, stocked with Alligator Sens.it RS+ sensors in our unique bag-in-box packaging.

## We're also fluent in workflow.

From convenient universal service kits to easy-to-use, cost-effective programming tools, Alligator is your one-stop-shop for everything you need to service any car that rolls into your shop.

**AVT41 Alligator TPMS Wireless Tool**  
by ATEQ | 30212

Retrieves IDs from all TPMS sensors; programs & clones Alligator sensors

**Rubber Valve Puller** | 231900

**Torque driver** | 237005  
12 in. lb. TORX T10 Head

**TPMS "Gator Cage" Metal Wall Cabinet** | 19108  
22" W x 9" T x 6.25" D. Holds up to 10 casepack cartons, with five cartons facing out.

**U1 - Universal Metal Valve TPMS Service Kit** | 0401-0022-482  
Universal nut, universal washer, #1 grommet, #2 grommet, valve core and valve cap

This kit supports 97% of metal stem sensors.

**U2 - Universal Rubber TPMS Service Kit** | 0401-0022-481  
EPDM rubber snap-in valve and torx screw

This kit supports 82% of rubber stem sensors.

## Let's talk.

Ready to order our customizable, universally compatible, cloneable Sens.it RS+ TPMS Sensors? **They're just a call away.**
